

We are excited to invite you to join us in sharing world-leading research from clinicians and researchers into ophthalmic genetics.

The day will include sessions on “Advances in genetic eye disease”, “The future of genomic ophthalmology”, case presentations, as well as short research talks from Early Career Researchers and a research poster session.

Confirmed speakers include Professor Malindo Lako, Professor Stephan Beck, Professor Wendy Bickmore, Professor Andrew Webster and Dr Pearse Keane and a keynote presentation from Professor Tara Moore.

This meeting will be held both face-to-face and virtually, with all talks being live-streamed; however you must register to attend these talks in-person or online.

## **Abstract submission deadline for the UK EGG Annual Meeting has been extended to 14<sup>th</sup> August**

Please submit your **300-word abstract (including background, methods, results and discussion where applicable)** on the UK EGG website [here](#) (for full submission instructions see below).

For any queries regarding registration or abstract submission, please email [UKeyeogenetics@gmail.com](mailto:UKeyeogenetics@gmail.com)

### Abstract submission instructions

Prizes will be awarded for the best talk and poster.

### Oral presentations

Oral research presentations from Early Career Researchers and interesting case presentations will be 7 minutes + 3 minutes for questions.
